Important Information About KKCA Food & Nutrition Program

1. Meal serving times are listed above. If your childs arrival or departure time falls after or before one of the meal serving times listed above, you are responsible for providing your child food prior to their arrival or after their departure. We have scheduled meal times to allow us the ability to begin our lesson plans in the classroom.
2. We provide a menu in advance so you are aware of what your child will be served while in school. You may bring your child a sack lunch if they do not like what we will be serving on a given day, but we will not prepare special orders.
3. If your child has an allergy to one of the food items on our menu, it is the parents responsibility to let us know before hand.
4. If your child has special dietary needs, it is the parents responsibility to provide the school with those items such as Soy Milk, etc.
5. Children are encouraged to try their foods and encouraged to eat. It is against our Federal Food Program contract to force a child to eat their meal.
6. Children are informed that if they choose not to eat their meal due to its appearance, then it is their choice to be hungry and wait until the next meal is served. We will not prepare a food item in lieu of what is planned on the menu because they don't like what is being served.
7. Children are ALWAYS offered seconds at every meal time.
8. Meal portions are served in accordance to their age and the nutritional needs as determined by the USDA Federal Food Program.
9. Children are served 1% Milk for breakfast and lunch and 100% fruit juice for snack.
